PPA AWARD & DEGREE CEREMONY: THINGS YOU SHOULD KNOW

To help ensure you receive the recognition you deserve, here are some housekeeping tips:

1. No photography during the presentation of awards or degrees

We kindly ask that family and friends abstain from taking photos during the Award & Degree Ceremony. Stopping to pose for photos on stage can greatly delay the ceremony. Photos may be taken before or after the Award & Degree ceremony. Please share this request with your family and friends. We appreciate your understanding.

2. You will be brought backstage before the ceremony starts

PPA Award Recipients — You will be called on stage individually to receive your award. Then, you will return to your seat using the stairs on the opposite side of the stage.

Imaging Excellence Recipients — You will gather backstage. Then proceed onto the stage as a group as your names are read. There will then be one round of applause and you will exit as a group.
