

Local Photographer Brings Passion and Skill to Premier Photography Conference

(Your Name) will be teaching a class on (subject matter or class title “in quotes” here) at PPA’s 2026 annual photography conference in Dallas, Texas.

(YOUR CITY, STATE) (Date) — (Your Name) of (Your Business/Studio) in (Your City) will share **(his/her/their)** expertise at Imaging USA 2026, the conference and expo designed exclusively for photography and imaging professionals. Imaging USA will be held January 11-13, 2026, in Nashville, TN.

(Last Name) is one of more than 90 expert instructors presenting programs to thousands of professional photographers and industry experts attending the conference. **(His/Her/Their)** program, **(“Program Title,”)** will help others improve their **(business/artistic/etc.)** skills, helping attendees get one step closer to photographic success.

(QUOTE ON WHAT IT MEANS TO YOU TO SPEAK AT IMAGING USA)

Other Imaging USA classes will focus on topics from portrait techniques and marketing ideas to the latest advancements in digital imaging, software, and drone photography. Imaging USA will also feature a three-day trade show filled with photography equipment and related products and one of North America’s largest annual photographic exhibits (free to the public).

Imaging USA is the first major photographic event of the year. Beginning in 1868 as the annual convention and trade show for Professional Photographers of America (PPA, www.PPA.com), it is the longest-running international photographic convention, expo, and image exhibition in the United States. For more information, visit www.ImagingUSA.com.
